Dear Dental Professionals,

My name is Nye Walker, a licensed massage therapist in SE Portland, and for the month of November, I'm offering a free 30 minute massage (chair or table) at my office for all Dental Assistants as part of my WeGiveBack program.

I understand Dental Assistants make a large positive contribution on our dental experiences, and I'd like to return the favor free of charge.

Due to the volunteer nature of this service, there are a limited number of appointments available. If you or anyone in your office are interested, please sign up soon for a date between November 1st, and November 30th.

As an alternative to the free 30 minute service, or if no more free appointments are available, I would be happy to upgrade to an hour service for half of my regular massage price through the month of November. The 30 minutes is yours, free of charge, with no further obligation.

Please share with any other Dental Assistants that may be interested through the month of November.

Thank you for your service,

-Nye Walker, LMT (Lic. OR# 19821)
